

Linux Users' Group of Davis

LUGOD is a 501(c)7 non-profit computer club dedicated to Linux and Open Source software. Our group is made up of over **400 members** who interact at **meetings, installfests** and other events, and on-line through numerous **mailing lists** and an **IRC (chat)** channel.

We maintain a **comprehensive website** containing meeting minutes, mailing list archives, past speakers' presentations, and event photos. We also have a **lending library** containing nearly 150 Linux-related books.

LUGOD meets twice a month in **Davis, California**, and holds monthly Installfests, hands-on Linux demos for the public, classes and workshops, and exhibit booths at conferences and other events.
